#### Connect Rotarians

August is our district membership month. Rotary District 3450 successfully held a membership forum on August 3, 2019 that over 270 members shared their valuable experiences at various membership issues, namely recruitment of new member, retention, reinduction of ex members, education and management of club membership etc. I am sure our district will have a healthy and steady membership growth in the coming Rotary years.

Member is the basic of every organization and the indispensable asset of us. We treasure every member. With the core values of Rotary, we can sustain over hundred years. Currently, our district has over 2640 members. To maintain such a huge membership, harmony is significant. There is a famous Chinese phrase that "*Empty Sea, Tolerance is a Great*". The sea can hold the water from thousands of rivers, it's big because of its capacity. Rotary family is a worldwide organization that we do not involve politics, religion and race. The impartial role of Rotary gives our members a platform to meet friends, carry out social services and self enhancement. Four-way test is always our motto to judge issues. Mutual understanding and respect are the keys that make us different from other organizations. I am sure Rotary family will bear this mission to serve our community. We love our communities and here is our home!

#### 連結社友

八月是社友發展月。地區響應這個特別月份，於八月三日舉行了『地區連結社員論壇』，超過270位社友參加，就吸引新社友、再招攬前社友、培養社友投入感和歸屬感等分享寶貴經驗。任何一家機構，其根基源於每一位成員，因此，我們珍惜每一位社友。古語有云：『海納百川、有容乃大。』在扶輪的大家庭，習性文化之多元，必定能夠吸引更多新社友，連結舊社友。

# Presidential Message August 2019

Source: RI website

During 2019-2020, I am encouraging **Rotarians and Rotaractors** to grow Rotary. We must grow our service, we must grow the impact of our projects, but, most importantly, we must grow our membership so that we can achieve more.

Let us try a **new approach** to membership, one that is more organized and strategic. I am asking every club to form an active membership committee consisting of people of different backgrounds who will look methodically at the leadership of the community.

Your club's membership committee will then apply Rotary's classification system — designed to ensure that the range of professions in your community is well represented — to identify potential leaders with the skill, the talent, and the character that will strengthen your club. If your club's membership committee is unsure how to proceed, look to the club membership committee checklist on Rotary.org for clearly defined steps to organizing its work.

How else will we connect to grow Rotary? **We will also form new types of clubs — either independent clubs or satellite clubs —** with different meeting experiences and engaging service opportunities, not just where there is no Rotary, but also where Rotary is already thriving. No Rotary club in the world can possibly serve all segments of its community. Therefore, we must organize new clubs to engage the community leaders who cannot connect with our existing clubs.

Growing Rotary is all about taking the connections that make our organization unique in the world and strengthening and multiplying them. Let us commit ourselves to growing Rotary and to welcoming the next diverse generation of women and men as **Rotary Connects the World.**

## 國際扶輪社長梅隆尼8月寄語

在社友發展月裡,梅社長呼籲各位社友和扶青團友同心攜手,推動各項服務。除了福澤惠及社群,也樹立好榜樣,吸引新社友加入扶輪大家庭。

同時,梅社長鼓勵各扶輪社以新思維,有組織地連結新舊社友,透過不同會面和服務方式,包括成立新社或組織衛星社,將扶輪的連結網絡,散播得更廣更遠。當中,重點是組織新社,吸納地區領袖。讓從未接觸扶輪的領袖菁英,有機會認識扶輪的獨特處。讓我們攜手迎來更多元化的扶輪社友。

## District Highlights – Areas Re-Distribution

DG Wilson Cheng

We have entered into a new year of “Rotary Connects the World”. District 3450 has been growing continuously, over 20 clubs was chartered in the past 3 years. We have over 100 Clubs now, and some new babies are on the way. District officers in each Area are overseeing a large number of clubs and facing increasingly heavy work load. Redistribution of Areas is unavoidable. To relieve district officers from excessive workload, 2 new Areas, Area 11 & Area 12 will be formed. The creation of two additional Areas 11 and 12 has given us more room for manoeuvring. It is likely that another new Area (Area 13) will have to be set up soon, as more new clubs are chartered. Let us together embrace this happy problem!

### 地區簡訊 – 地域重組

國際扶輪3450地區茁壯成長,單單是過去三年,已有超過20家新扶輪社成立。目前,地區內有超過100家扶輪社,歸屬10個地域。為了減輕地區職員的工作負擔,我們將進行地域重組,增加2個地域,把扶輪社的地域分布整合,平衡每一地域的工作量,讓地區職員更有效為所屬扶輪社提供更好的支援服務。重組後的扶輪社地域分布如下表。估計未來新扶輪社陸續成立,有可能需要設立第13個地域,但這絕對是我們地區樂於面對的挑戰。

# Highlights of the District Membership Connect Forum

PDG Kenneth Wong & PDG HW FUNG

The District Membership Connect Forum (the Forum) came to a successful conclusion on 3rd August 2019. More than 270 Rotarians gathered at the Hong Kong Productivity Council for a fruitful afternoon, sharing and learning practical strategies to build and maintain membership. As well as the first major district event since the District Installation, the Forum marked the prelude of the District Membership Month.

Organising Committee Chair of the Forum PP Amy Leung commenced the Forum by accentuating the **3Rs** of membership: **Recruit, Retain and Return**. DG Wilson Cheng then stressed how RI values membership (e.g. the Citation requires each club to form a membership committee). District Membership Committee Co-chairs PDG Kenneth Wong and PDG HW Fung introduced the **three pillars** of the Committee dedicated to facilitating club membership growth: **Membership Think Tank, Membership Task Force and New Club Academy**.

It is our great pleasure to have **PDG YK Cheng** as our keynote speaker, sharing on the topic **"What attracts you to Rotary"**. He reiterated the significance of membership in Rotary – with members come donations, manpower and vitality. By his own experience, he believed that learning Rotary matters underpins retention; clubs should make use of the vast resources readily available like MyRotary to keep members updated on Rotary knowledge. Finally, he concluded that there is still ample potential for Hong Kong and Macau membership growth given the current Rotari-

an to total population ratio.

**Connecting Clubs** is an initiative aiming to encourage clubs to connect together and complement one another, so that Rotary experience of their members could be enhanced through the sharing of resources, increase in membership diversity and strengthening of group dynamics. The first MOU was signed that day between RC of Peninsular Sunrise and RC of Kwun Tong. The two clubs will organise club meetings, service projects and fellowship activities jointly in the next 6 months. The District would like to see more clubs come together to mutually support one another and achieve better development.

**The highlight of the Forum was Best Practice sharing by clubs who are successful examples of dynamic membership growth. A breakout session followed for deeper discussions with the speakers in smaller groups.**

## 360 Degree Membership (RC of Star Avenue)

Despite a recently chartered club, RC of Star Avenue already has a Satellite Club, a Friendship Club, an Interact Club and a Rotary Community Corp (RCC). CP Jimmy Lau and P Dominic Wai shared with us the first few years are crucial to new clubs to sow the seeds of membership. Larger the Rotary family, larger the pool of future members and more attractive the mother club will be, just like the menu of a restaurant. Gaining international exposure, exploring different sources of potential members and creating a welcoming atmosphere help to retain members.

## Recruiting Members to Form New Clubs (RC of Neoteric Hong Kong)

RC of Neoteric HK is the first Satellite Club turned full club in D3450. PP Helen Or illustrated her journey materialising the transformation and the benefits of Satellite Clubs. While Satellite Club members are Rotarians, Satellite Clubs enjoy more flexible meeting styles, small charter member requirement, and better focus on services with the administrative support of the mother club. Satellite Clubs offers members the full experience of a Rotarian with the leisure to gradually grow Rotary understanding and recruit enough members to turn full.

## How to Maintain a Steady Membership Growth (RC of Island West)

DAG Henry Wong revealed his unchanged passion for Rotary since he became Rotarian a decade ago because he sees his club like family. While birds of a feather flock together (some clubs consist of mostly doctors or alumni from the same school), we should also embrace diversity within clubs, but a common value should be found and upheld. Members, especially of senior clubs, should always keep an open mind not bound by existing culture. While new members strive to blend in, it is the responsibility of all to create a long-lasting relationship.

## Turning Rotaractors into Rotarians (RC of Macau)

PP Sam Ip, who was a Rotaractor, stressed that connection and recognition are key to smooth transition from Rotaractor to Rotarian. "Like what they do and they will do what you like", PP Sam said. A good mother club should treat her Rotaractors on an equal footing, guide the youths through their stages of life, involve them in joint project to build a sense of belonging and recognise their efforts. He ended with a proven useful tip of inviting Rotaractors to join Rotary Clubs in groups so they can maintain their friendship in Rotary.

✧ For the first time simultaneous interpretation is available in any District event. We received positive feedback thus working to make this regular practice in future District events, fit for an international organisation.

✧ The Forum is only the first wave of a series of events and incentives to boost membership. Please stay tuned for updates by the District Membership Committee and your support is much needed.

# District Youth Service Committee

PDG Eugene Fong

*“What we can learn from Alison Lam 林卓瑤?”*

District Representative  
Alison Lam

*Alison Lam was the District Interact Representative (地區扶少代表) and also the President of Bishop Hall Jubilee School (BHJS) Interact Club (何明華會督銀禧中學扶少團團長) in 2018/19.*

*“What has Alison learned for being an Interactor?”*

Alison admitted that she did not know much about Rotary when she first became President of BHJS Interact Club in 2017/18. She thought that Rotary Clubs are “just one of the organizations” which holding activities for secondary school students to participate, so the students can do “something” to be listed in their resume. The least she expected was the experience she gained in the past two years are going **to change her life...**

Being a smart and outspoken teenager, Alison was selected to be the President of BHJS Interact Club. One of the service events was donation of stationery, toys, clothing, etc. to kids in Cambodia. In cooperation with a NGO called Make A Change, which assisted to link up with the recipients; BHJS Interactors were responsible to seek for donation of goods and arrange shipment to four orphanages in Cambodia.

While Alison did not encounter much difficulty in organizing activities for her Interact Club, the big turnaround started when she participated in the activities organized by the Joint Council of Interact Club in 2017/18. She was the Project Vice Chair of International Understanding (IU) Trip 2018. When she met Interactors from other Clubs, Alison realized that cooperation and leadership is no longer an easy job when dealing with fellow Interactors with diverse background and capability. She did have some hard time in motivating the team, in particular during crisis situation, which made her recognized her own limitations.

*The donation project was a success and Alison subsequently organized a service trip for BHJS Interact Club to Cambodia in 2018/19.*

*“WHY does Alison continue to participate in Joint Council?”*

Fortunately she has not been frightened out of the difficult moments, she holds positive attitude and never give up. Alison took up the role as District Interact Representative in 2018/19. She decides to beg beyond herself, she wants to cry tears of excitement and to laugh of growth character.

In these two-year time of serving the Joint Council, Alison has gained fruitful experience in various aspects and meeting many good people including Interactors, Rotaractors, Rotarians, etc. She understands more about Rotary and learns the key attributes of leadership. Alison knows that she still has much to learn to be a great leader and will continue to working on it.

*Meeting of Organizing Committee of 2019 International Understanding Trip held on 17 July 2019.*

*33 Interactors joined IU Trip and will go to Osaka from 7 to 11 Aug 2019.*

Alison wants to tell every Interactor that:

*Serving in Joint Council is an amazing experience which money can't buy.*

*“Don't be afraid of new beginnings. Don't shy away from new people, new energy, new surroundings. Embrace new chances at happiness” \**

# District Rotary Foundation Committee

PDG Jones Wong

## *A message from Foundation Trustee Chair Gary C.K. Huang The Rotarian August 2019*

We have some very good problems that I want to discuss with you. The number of Rotary global grant requests is exploding. Rotarians are seeing the amazing impact of our grants, and they want to harness the power of global grants to take on ambitious projects.

One crucial aspect of our global grants is the emphasis on sustainability when planning a project. When we come together to tackle a problem, we do not just drop off a check and leave. We change lives. We bring sustainable solutions. The growth in the number of applications for global grants is a good problem to have, it shows Rotarians' dedication to service. But to fund more global grants, we need to keep The Rotary Foundation growing.

While I am asking each and everyone of you to support The Rotary Foundation continuously with your generous contributions of all kinds, I am also asking you learn how to participate the Grants program.

I encourage all clubs in our district learn how to utilize our District Designated Fund (DDF) that we have been generating every year by the generous contribution from our fellow Rotarians worldwide.

The available DDF by District for D3450 in program year 2019-20 is **US\$238,652.20** (50% of Annual Fund Share contribution from 2016-17), and **US\$288,759.02** (Carry Forward from 2018-19), totally **US\$527,411.22**. But there will be a project funding US\$50,000.00 deducted shortly for an outstanding Global Grant already approved. Therefore, the total DDF Funding is **US\$477,411.22**. However, there will be another additional amount of fund of 50% of Available Endowment Fund Share Earnings coming in sometime three months later.

With the above available DDF in Rotary Year 2019-20, under the Share System, District can spend DDF on District Grants, Global

Grants, Donations to PolioPlus, Rotary Peace Centers, Endowment Fund (including peace centers and areas of focus), World Fund, and other districts.

Our DDF available in RY2019-20 for District Grants is about **US\$119,326.00** plus incoming 50% of Available Endowment Fund Share Earnings. All clubs can start enroll your District Grant application for your project but only one application per each club. Maximum award is US\$5,000.00 or 50% of the proposed budget whichever is lower.

**Deadline is 31/8/2019 (Saturday).** Completion of your project is 31/3/2020 (Tuesday). Report and receipts must be submitted to RIC before 30/4/2020 (Thursday).

Please do fulfill your commitment of EREY status before 31/10/2019 on TRF official report.

**For all enquires on District Grants please contact our Chair of District Grant Subcommittee, PP Alice Tsang by email:**
